Amounts included in the estimated project cost column represent the estimated costs of the project through stabilization. Significant estimation is required to derive these costs and the final costs may differ from these estimates. The projected dates for opening and stabilization are also estimates and are subject to change as the project proceeds through the development process.

The projects are being funded with a combination of equity from the partners and \$61.1 million and \$15 million of construction loans for Emory Point and Mahan Village, respectively.
